**Mark Haddad, AKBD
& Kurt Hakansson**

Haddad Hakansson LLC, a full-service interior design firm, creates home environments for clients throughout New England and the east coast. With over 35 years of experience, the design team of **Mark Haddad, AKBD** and **Kurt Hakansson** specializes in the implementation and management of major remodeling and building projects, kitchen and bath design, space and color development, furniture and fabric selection, and the design of custom window treatments. Skilled coordination with architects, builders, and craftsmen assures attention to every detail of your design. With their creativity, knowledge, and expertise, Haddad Hakansson sets the highest standards for superior workmanship, quality and innovative design not commonly found in today's market. In addition, Mark is on the faculty at Boston Architectural College in the Kitchen and Bath Design Certification Program.

(Above) Utilizing a nook under the staircase, the cooking grotto houses storage for pots and pans, and two pull-out spice units. The induction cooktop is vented via a downdraft unit.

By implementing three wood finishes throughout the space with free-standing, furniture-like pieces, the design team was able to maintain the flavor of an English Country kitchen with elegance and refinement, seamlessly complementing the style of the Royal Barry Wills' Cape architecture.

(Right) A custom designed sideboard and hutch top is used to store silver, dinnerware, and function as a beverage station.
